Everything you need to know before the fun begins!

# How Jazzberry works?

Jazzberry can mean something a little different for each of us — discovering new dances or styles, meeting new people, reconnecting with friends, or simply enjoying time together.

Friday and Saturday are about movement, music, and long nights on the dance floor.

Sunday keeps the flow — classes in the morning, then time to slow down, chill in the studio, share food, and enjoy the community vibe.

Thanks for being here.

## care team
